The scheme will not write options or purchase instruments with embedded written options. The total exposure related to option premium paid will not exceed 20% of the net assets of the scheme.

Subject to the Regulations, the asset allocation pattern indicated above may change from time to time keeping in view market conditions and investment opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the AMC, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the asset allocation pattern will be for short term and defensive considerations.

In the event of asset allocation falling outside the limits specified in the asset allocation table, the fund manager will rebalance the same within 30 days from the date of deviation. If the rebalancing couldn't be completed within the 30 days, the details of such instances will be reported to the Trustees for taking necessary remedial measures. Though every endeavor will be made to achieve the objectives of the Scheme, the AMC/Sponsors/Trustees do not guarantee that the investment objectives of the Scheme will be achieved. No guaranteed returns are being offered under the scheme.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

1. The Trustees, AMC, Fund, their directors or their employees shall not be liable for any tax consequences that may arise in the event that the scheme is wound up for the reasons and in the manner provided under the Scheme Information Document & Statement of Additional Information.
2. Trading volumes and settlement periods may inherently restrict the liquidity of the scheme's investments. In the event of an inordinately large number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the Trustees have the right in their sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.
3. The Mutual Fund is not assuring any dividend nor is it assuring that it will make any dividend distributions. All dividend distributions are subject to the availability of distributable surplus and would depend on the performance of the scheme and will be at the discretion of the AMC.

4. Redemption by the unit holders due to change in the fundamental attributes of the scheme or due to any other reasons may entail tax consequences. The Trustees, AMC, their directors or their employees shall not be liable for any tax consequences that may arise.
5. Different types of securities in which the Scheme/Plans would invest as given in the SID carry different levels of risk. Accordingly the Scheme's/Plan's risk may increase or decrease depending upon the investment pattern. For e.g. corporate bonds carry a higher amount of risk than Government Securities. Further even among corporate bonds, bonds which are AAA rated, are comparatively less risky than bonds, which are AA rated.
6. The tax benefits described in the SID are as available under the present taxation laws and are available subject to relevant condition. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India and the Investors and Unit Holders should be aware that the relevant fiscal rules or their interpretation may change. As in the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of the investment in the Scheme(s) will endure indefinitely. In view of the individual nature of tax consequences, each Investor/Unit holder is advised to consult his/her/its own professional tax advisor.
7. **Risks associated with investment in equity and equity related instruments**

Equity shares and equity related instruments are volatile and prone to price fluctuations on a daily basis. The volatility in the value of the equity and equity related instruments is due to various micro and macro economic factors affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme. Investments in equity shares and equity related instruments involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risks.

The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the scheme portfolio may result, at times, in potential losses to the scheme, should there be a subsequent decline in the value of the securities held in the scheme portfolio.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme(s). Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. The NAV of the Units of the Scheme can go up or down because of various factors that affect the capital markets in general.

To mitigate risks associated with investments in equity and equity related instruments, the AMC will ensure that they invest in sufficiently large number of issuers spread across the sectors so as to maintain Optimum diversification and keep issuer/sector specific concentration risk relatively low. The Fund Manager will invest in companies identified through a robust in-house research process for its investments merits – competitive position, earnings growth, management quality etc – and will be monitored on an ongoing basis to minimize company/sector specific risks. The Fund Manager may also use derivatives tools as appropriate to hedge against market/company specific risks.

8. **Risks associated with investments in Debt and Money market Instruments**

Credit risk: This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default of payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.

The AMC seek to manage credit risk by restricting investments only to investment grade securities. Regular review of the issuer profile to monitor and evaluate the credit quality of the issuer will be carried out.

Interest Rate risk: This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise.

Interest rate risk mitigation will be through active duration management at the portfolio level through regular monitoring of the interest rate environment in the economy.

Liquidity risk: The liquidity of a bond may change depending on market conditions leading to changes in the liquidity premium linked to the price of the bond. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.

The AMC will endeavour to mitigate liquidity risk by mapping investor profile and potential redemption expectations into the portfolio construction to allow the scheme to liquidate assets without significantly impacting portfolio returns.

Reinvestment risk: This risk arises from uncertainty in the rate at which cash flows from an investment may be reinvested. This is because the bond will pay coupons, which will have to be reinvested. The rate at which the coupons will be reinvested will depend upon prevailing market rates at the time the coupons are received.

The AMC will endeavor to manage this risk by diversifying investments in instruments with appropriate maturity baskets.

9. **Risks associated with Investing in Derivatives**

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The following are the risks inherited in derivatives:-

Price Risk: Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying.

Default Risk: This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk.

Basis Risk: This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g. mismatch between the maturity date of the futures and the actual selling date of the asset.

Limitations on upside: Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.

Liquidity risk: pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.

The AMC will monitor the overall economic and credit environment including the systemic liquidity on a regular basis and the outlook will be integrated into the risk control and monitoring of the Scheme to control the risk emanating from derivative investments.

10. Risks associated with Short Selling

Scheme shall not engage in short selling.

11. Risks associated with Securities Lending

There are risks inherent to securities lending, including the risk of failure or bankruptcy of the counter party, leading to non-compliance with the terms of the agreement by the counterparty. Such failure can result in the possible loss of rights to the collateral, the inability of the counterparty to return the securities deposited by the lender and the possible loss of any corporate benefits accruing thereon.

12. Risks associated with investing in unrated securities

Investing in unrated securities will be riskier compared to investment in rated instruments due to non availability of third party assessment on the repaying capability of the issuer. Any investment in unrated securities will be carried out only after obtaining the general approval from Board of Trustees and Board of AMC. The Mutual Fund will carry out internal rating exercise for all unrated instruments in which the Fund Manager plans to make investments and assign a proxy rating. Investments in unrated instruments will only be made in instruments with proxy rating of A1+/AA+ or above.

13. Risks associated with investing in Liquid Funds offered by Mutual Funds.

To the extent of the investments in liquid mutual funds, the risks associated with investing in liquid funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal etc. will exist.

14. Risk Factors Associated with Investments in REITs and InvITs:

The below are some of the common risks associated with investments in REITs & InvITs.

- Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- Liquidity Risk:** As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc may differ from existing capital market asset classes under Indian Law.
- Price-Risk or Interest-Rate Risk:** REITs & InvITs run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. REITs & InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.

To mitigate the risks associated with investments in REITs & InvITs, the Scheme will invest in REITs/InvITs, where adequate due diligence and research has been performed by AMC. The AMC also relies on its own research as well as third party research. This involves one-to-one meetings with the managements, attending conferences and analyst meets and also teleconferences. The analysis will focus, amongst others, on the strength of management, predictability and certainty of cash flows, value of assets, capital structure, business prospects, policy environment, volatility of business conditions, etc.

An investor, by subscribing or purchasing an interest in the Product(s), will be regarded as having acknowledged, understood and accepted the disclaimer referred to in Clauses above and will be bound by it.

GUIDELINES TO HELP YOU COMPLETE THE APPLICATION FORM

1) Distributor details

Investments through distributors: As per directions of Securities and Exchange Board of India (SEBI), the distributors, agents or any other person employed or engaged or to be employed or engaged in the sale and/or distribution of mutual fund products are required to have a valid certification from the National Institute of Securities Markets (NISM) by passing the certification examination. Further, no agents/distributors are entitled to sell units of mutual funds unless the intermediary is registered with Association of Mutual Funds in India (AMFI).

Employee Unique Identification Number (EUIN): SEBI has made it compulsory for every employee/relationship manager/sales person of the distributor of mutual fund products to quote the EUIN obtained by him/her from AMFI in the Application Form. EUIN, particularly in advisory transactions, would assist in addressing any instance of mis-selling even if the employee/relationship manager/sales person later leaves the employment of the distributor. Individual ARN holders including senior citizens distributing mutual fund products are also required to obtain and quote EUIN in the Application Form. Hence, if investments are routed through a distributor, please ensure that the EUIN is correctly filled up in the Application Form. EUIN is mandatory for non-advisory transactions (execution only) also, though the advice relating to the scheme or asset class is only incidental. However, in case of any exceptional cases where there is no interaction by the employee/sales person/relationship manager of the distributor/sub broker with respect to the transaction, investors are required to provide a duly signed declaration to this effect, as given in the Form.

Overseas Distributors: Overseas Distributors are exempted from obtaining NISM certification and AMFI registration. However, such Overseas Distributors are required to comply with the guidelines/requirements as may be issued by AMFI/SEBI from time to time and also comply with the laws, rules and regulations of jurisdictions where they carry out their operations in the capacity of distributors.

Direct Investments: Investors applying under Direct Plan must mention "Direct" in ARN column. In case Distributor code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name, the Distributor code will be ignored and the application will be processed under Direct Plan. In case of valid application received without indicating "Direct Plan" against the Scheme/Plan name and without any Distributor Code mentioned on the form, the application will be processed under "Direct Plan".

2) Email ID/Email Communication

Investors desirous of receiving documents such as allotment advice, statement of accounts, periodical reports and other communications in electronic form are required to mention their email ID in application form. The email ID as declared by the investor will be registered in our records and all future communication will be made to such registered email ID. It may be noted that no physical document will be sent to an investor (unless specifically requested) who has a registered email ID with us.

3) PAN (Permanent Account Number)

SEBI has made it mandatory for all applicants (in the case of application in joint names, each of the applicants) to mention the permanent account number (PAN) irrespective of the amount of investment [Except as given below]. Where the applicant is a minor, and does not possess his/her own PAN, he/she shall quote the PAN of his/her natural parent/legal guardian, as the case may be. However, PAN is not mandatory in the case of Central Government, State Government entities and the officials appointed by the courts e.g. Official liquidator, Court receiver etc (under the category of Government) for transacting in the securities market. PAN card copy is not required separately if KYC acknowledgement letter is made available. The Fund reserves the right to ascertain the status of such entities with adequate supporting documents. Applications not complying with the above requirement may not be accepted/processed.

Pursuant to SEBI letter OW/16541/2012 dated July 24, 2012, investment in Mutual

Fund schemes (including investments in SIP) up to Rs.50,000/- per year, per investor, per Mutual Fund shall be exempted from the requirement of PAN. Accordingly, individuals (not NRIs & POIs), Minors and sole proprietary firms who do not possess PAN (HUF and other categories are not eligible for such investments) are exempt from submission of PAN for investments up to Rs. 50,000 in a rolling 12 months period or in a financial year (i.e. April to March). However, eligible investors are required to undergo Know Your Customer (KYC) procedure with any of the SEBI registered KYC Registration Authority (KRA). Eligible investor must quote PAN Exempt KYC Reference Number (PEKRN) issued by KRA. Fresh/Additional Purchase and Systematic Investment Plans will be covered within the limit of Rs.50,000/-.

Note : Politically Exposed Persons (PEP) are defined as individuals who are or have been entrusted with prominent public functions in a foreign country, e.g., Heads of States or of Governments, senior politicians, senior Government/Judicial/military officers, senior executives of state owned corporations, important political party officials, etc.

4) Know your Customer (KYC), FATCA & UBO Compliance

Applicants intending to apply for units through a Power of Attorney (PoA) must ensure that the issuer of the PoA and the holder of the PoA must attach proof of KYC Compliance/provide KIN at the time of investment. As and when any investor wishes to invest on the basis of KIN, the AMC or its Registrar will use the KIN provided by the investor for downloading KYC information from CKYCR system and update their records. Further, if the PAN has not been updated in CKYCR system, the AMC will ask the investor to provide a self-certified copy of the investor's PAN card and update/upload the same in CKYC system. In the absence of PAN, the investor's subscription is liable for rejection or the limit of investment may be restricted up to Rs 50,000 in a rolling period of 12 months as decided by AMFI/SEBI or at the discretion of the AMC in due course of time. Any new investor wishing to invest in the scheme(s) of IDBI Mutual Fund is requested to use the "CKYC & KRA KYC Form" to complete the KYC formalities and submit the same at any of our investor service centres. However, the Mutual Fund reserves the right to carry out additional KYC/ask any additional information/documents from the investor to meet the requirements of its KYC Policy.

Units held in electronic (Demat) form: For units held in demat form, the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee/AMC. In the event of non-compliance of KYC requirements, the Trustee/AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to payment of exit load, if any.
